

Electronegativity & Bonding {Ionic, Polar Covalent, Non-Polar Covalent}

Determine the polarity of the bond between each pair of elements. A table of electronegativities can be found on page 184.

Carbon	Oxygen	
Boron	Sulfur	
Fluorine	Magnesium	
Silver	Tellurium	
Carbon	Copper	
Aluminum	Phosphorus	
Argon	Chromium	
Arsenic	Bromine	
Gallium	Silicon	
Oxygen Gas
