

STUDENT SAFETY CONTRACT

I, _____, a student in chemistry at Oxford Area High School, do hereby agree to follow all safety rules and regulations set forth by the instructor. I realize that compliance with these rules is necessary to assure the safe operation of the school laboratory and to provide a safe environment not only for myself, but also for my fellow students and teachers as well. I will, therefore, cooperate fully with the teacher and students to assure all of us the safest laboratory possible. I will act responsibly to look for possible safety hazards and will immediately point out these hazards to the instructor. I realize that, as a student, much of the responsibility for safety is in my hands. I have read the rules in the syllabus, and on pages vii to xi of the laboratory manual, and will comply with them to the best of my ability. I understand that violation of these rules may result in the loss of laboratory privileges and possible disciplinary measures.
